

Open Donor: Shen

Staff Impression

Shen's high energy is visible through his huge smile and bright eyes. His cheery presence always serves as a fantastic pick-me-up to everyone in our office. Shen, with his straight black hair, clear tan skin, and symmetrical facial features, is certainly one of our cutest donors.

Shen has a lot of enthusiasm for life. He is also incredibly smart; he absolutely loves solving math problems and teaching others the intricacies of math. Shen maintains a strong sense of self-discipline, especially when it comes to academics. He respects his family and understands the good he is doing by being in this donor program.
