

Guillermo Staff Impression

Guillermo has an interesting melting pot of cultural backgrounds, which makes him especially unique-looking and very handsome. He has lovely round, dark eyes and gorgeous thick, curly black hair. He has a rounded face with very defined features, including a beautiful, wide smile. He is average size and build and has a very athletic look due to his passion for weight lifting, beach volleyball, swimming, surfing, and hiking.

Guillermo is, quite simply put, a joy to be around. He always has a genuine greeting, and takes care to get to know you and make you feel at ease with his warm smile and natural charm. One thing that sets Guillermo apart is how knowledgeable, compassionate, and well-rounded he is when it comes his global socioeconomic issues, having come from such a diverse family background and also spending a great deal of time volunteering in Latin America working on organic farms. He is athletic and active, but also very musical and creatively minded, especially when it comes to film production and photography. If you are looking for someone truly unique and versatile, Guillermo would be a great choice for you.
