

Open Donor: Harish

### Staff impression

Harish, what are you most proud of and why? "I am most proud of the same aspect which makes me unique. I was born in a remote village in a developing country in a joint family with an annual income of about \$1,000, which was in the lower 50% of India. From there I grew up to the top 5% of annual income in a developed country as US within 30 years of age. It has been a hard and well rewarding journey and I am thankful to my family who stood by me to achieve it."

This donor is incredibly driven and hardworking. Amongst those wonderful attributes he is also very humble and appreciative of all that he has. He couldn't be a prouder papa to his young daughter whom he loves to share with us about.

Harish is always dressed very well and professionally. He has dark brown eyes and thick black hair. His lips are very full and he has a beautiful olive toned complexion.

Harish is very polite and respectful by nature. He is quick to ask about our day and in turn share about his. He is a true hardworking family man that takes most pride in the relationships he has with friends and family.
