

Open Donor: Hardev

Staff Impression

Hardev is average height and has a tone and fit build. He maintains his physique with regular visits to the gym and maintaining a healthy and active lifestyle. He has almond shaped, dark brown eyes and dark black hair, which has a little grey sprinkled in to complement his medium olive skin tone that darkens with time in the sun. He keeps well maintained scruff and is rarely clean shaven. Hardev always has a smile, revealing straight white teeth. Which are complimented by his full lips.

Hardev is very intelligent and dedicated; he has completed many years of schooling with above average grades. Hardev majored in Zoology/Biochemistry and went on to become a physician specializing in chronic pain management. Hardev is caring, compassionate, confident and very approachable. All of these traits have made him an excellent physician and we are very lucky to have him in our donor program.
