Chadwick Staff Impression

Chadwick is a self-described sensitive and "happy go lucky" guy with a great sense of humor. He is always ready with a pun and a smile. We enjoy his vibrant energy and cheerful conversation style. He prefers not to spend a large amount of time in the gym but instead gets much of his exercise by staying active playing sports and running.

His light eyes contrast beautifully with his tan skin and thick, brown, curls. He is tall and has a naturally lean build with long limbs. He has a narrow face with prominent bone structure and a pointed chin. His most notable facial feature is his attractive, broad smile. Overall, he is very handsome and has a strikingly unique appearance.
