

## July Staff Impression

July stand 5'9" tall, has fair skin, deep blue eyes, and light brown hair. He is and incredibly caring, and respectful person who also makes for a great conversation. He is very passionate about the environment, following a lifestyle of veganism and being conscious about the earth. He is currently a student, and upon completion of his degree aims to become an environmental engineer to help combat the worldwide issue of waste management.

July has a lean, fit physique which is supported by his vegan diet and active lifestyle. Outside of his schoolwork, he enjoys keeping active by doing yoga, rock climbing, and surfing. He also enjoys laying out by the beach or being out in the woods with an adventure seeking novel in his hands. One of the greatest trips he recalls, was a 6-month road trip all around the US, camping and surfing along the way. July expresses only kindness and appreciation to the people he meets and is a great selection for a donor!
