

Donor 12740 Glenn

Donor Glenn is kind and personable to connect with, we enjoyed his warm and friendly personality. He is 6 ft tall, has soft and kind blue eyes, and an inviting smile. He is very intelligent and excels at mathematics and mechanical skills. Glenn has strong work ethic that was instilled in him at an early age by his parents who he loves dearly. This motivated him to complete his undergraduate degree and created the ambition to grow in the company he is currently employed at.

In his spare time, Glenn enjoys playing sports such as basketball and tennis, and he is a big fan of reading historical non fiction novels as well as non fiction in general. During his interview with us, we enjoyed hearing about his study abroad program he completed in Australia, and the happy attitude he had towards maintaining the friendships he made there. We also enjoyed conversing about other countries he has traveled to including the Dominican Republic and the Bahamas. Glenn does not plan on raising children of his own, but shows immense compassion to be able to help others create families. We are grateful to have him in our program!
