

Pendleton Staff Impression

Pendleton is a wonderful addition to our donor program. He is thoughtful, empathetic, determined, and strong, mentally, and physically. Standing at under 6ft, he has a fit and muscular build. Mind and body fitness is extremely important, and he makes it priority in his life, and he regularly trains in martial arts, strength training etc....Pendleton has soulful, expressive brown eyes and matching thick and wavy brown hair. He has a round face, complimenting full lips and is a handsome donor.

Pendleton is currently studying sports medicine and plans use those skills to help others get not only into fitness but to also overcome any limiting physical experiences like he did in his own life. He has used his personal experiences with a life altering injury to not only better himself, but to also lend a hand to those in need. Pendleton has a large family and contributes his integrity and determination to his upbringing. We believe Pendleton is a fantastic choice for anyone looking for their donor.
