

### **Stanton 14600 Staff Impression**

Stanton is a warm and approachable individual with a presence that immediately puts others at ease. Standing 6 feet tall with a medium-large build, he is a balanced combination of strength and gentleness. His olive clear skin complements his dark brown wavy hair, and Stanton's square face shape is accentuated by his expressive brown eyes that reflect his kindness and sincerity. His straight teeth and sweet smile, highlighted by a charming right cheek dimple, make his smile unforgettable and welcoming. He carries himself with a friendly demeanor, making him someone people enjoy being around.

Stanton is a driven and compassionate individual who recently graduated with a degree in aerospace engineering. Always pushing his limits, he is currently training for a triathlon, reflecting his passion for staying active and fit. In addition to his athletic pursuits, Stanton is working towards obtaining his pilot's license, highlighting his love for adventure and continuous learning. Family is at the heart of everything he does; he shares a strong bond with his loved ones and deeply values those connections. Stanton was inspired by the challenges he has seen close friends and family face with fertility, so he became a donor to assist in any way he could. His genuine desire to help others on their journeys speaks to his kind spirit.
