Durland's eyes are a rich, warm brown—full of energy and curiosity—and they brighten even more when he laughs. Durland is a self-employed pro at keeping businesses sparkling clean for a living. He's the kind of guy who's always got time for others, whether it's lending a hand or sharing a laugh. Outside of work, Durland's all about sports—playing, watching, you name it. But he's also got a creative side, and he loves to paint whenever he gets the chance. When he's not busy with his art or sports, you'll find him hanging out with his two kids, making memories over board games, park adventures, or whatever fun they come up with. Durland brings his trademark patience and care to everything he does. Here's a fun twist: Durland's got some serious ocarina skills! He can play a tune on that mystical little instrument like it's second nature.
